Art/Graphic Design Teacher

Creative and resourceful professional educator, highly trained in a multitude of media. Unique ability to instill art appreciation and encourage creativity. I strive to bring my students new experiences. I constantly look for new ideas and projects to create with my students. I enjoy a classroom that is alive and busy, one in which the students themselves can expand their minds and push themselves to "think outside the box" in order to solve problems creatively. I do believe everyone can create a unique and interesting piece of artwork.
