A bit about me:

Hello, I'm Rael! I started drawing at 3 years old and I have enough experience in the arts. Actually, I have my own comic book called Ameto and it is now being published in Japan by Wiz Comics, Vietnam by Manga Rock and Hong Kong by Manga Tool. I'm also one of the finalists in the Silent Manga Audition contest number 7 (The biggest contest from Japan). You can check in my portfolio what you want and need. I do comic pages, pin-ups, chibis, manga portraits, and graphic design services.
