EXPERIENCE

Citi – UX Designer

Nov 2018 - Present • Irving, TX

Lead the mobile side of the Payment Hub domain. Worked with: Google, Amazon, BillGO, and Zelle. Initiated and worked alongside a new design system for mobile and desktop. Launched a product that exceeded our deposit goals by 200%, over 2 billion dollars, within the first two months of launch.

Livestock City – UX/UI Designer Intern

June 2018 - Nov 2018 • Charlottesville (Remote)

Lead designer for mobile app based on existing web app design. Incorporated user ability testing based on prototype and research. Bridged tech and design to speed up the process.

UCSC Genomics Institute – Web Dev & Designer

June 2017 - Sept 2018 • Santa Cruz, CA

Created a new brand style for the website and graphics by making templates. Developed custom pages with PHP, CSS, & HTML via WordPress. Reduced loading time by 46% by eliminating unused code and reduced image size quality. Designed flyers and graphics for events.

Savage Social Technology – UX/UI Design Intern

Jan 2015 - Jan 2016 • San Francisco, CA

Redesigned the whole UI & UX brand from scratch. Conducted user testing to find common patterns and most useful features. Developed prototypes for usability testing. Presented the new design and got stakeholders' approval and funding.
