EDUCATION

BA Visual Communication Design • Eastern Washington University

| Class of 2017

Baccalaureate of Visual Communication Design

UX/UI Certificate

Minor in Fine Arts

RELEVANT EXPERIENCE

Art Director • Collabra Technology

| August 2019 – Present

Collabra Technology builds software and marketing materials for real estate agents. Worked with the product and marketing teams to create a good user experience, create email campaigns, print marketing materials and website management.

Instructor • Nucamp Coding Bootcamp

| January 2019 – Present

Web development instructor for Nucamp Coding Bootcamp. My focus is to help others learn how to code and become successful web developers.

Front End Developer • 14Four

| April 2019 – August 2019

Worked with a team of producers, graphic designers and other developers to bring website mockups to life for various clients. We also create digital banners and adverts. Websites were built on the foundation of Vue.js, Craft CMS and Element API

Front End Developer • Two Barrels

| May 2018 – April 2019

Worked with a team of graphic designers, writers and associate developers to build websites for our clients.. I created custom wordpress templates through the use of HTML5, CSS, PHP and Javascript connecting the front end to the back end API.
