EXPERIENCE

PRODUCT DESIGNER

Microsoft

Lead design vision for developer tools and documentation as individual designer on the Windows 10 IoT engineering team.

Since July 2017

Collaborate as design partner for cross-team activities including work with the Azure IoT, Microsoft Edge, and Office365 teams.

DESIGNER & OWNER

Hapa Crafts

Founded Hapa Crafts, a design shop where I design and organize manufacturing for enamel pins, stickers, jewelry and more.

Since September 2018

Work with various shop owners nationwide to sell Hapa Crafts goods on consignment or wholesale basis.

UX DESIGNER

Microsoft

Led design vision and team for a Microsoft Philanthropies project in partnership with the Hearing, Speech and Deaf Center of Puget Sound.

September 2016 — July 2017

Conducted competitive research and information architecture analysis as well as coordinated between content and design for Microsoft Careers site redesign.

Created wireframes and produced high-fidelity screens for redesign of corporate intranet, used by Microsoft employees worldwide.

PRODUCT MARKETING MANAGER

Microsoft

Generated content for the Open at Microsoft brand and increased Twitter following by nearly 20% (from 40,000); established presence on Medium.com and Periscope by starting blog and video series, respectively.

September 2015 — September 2016

Designed and collaborated with stakeholders across the company to create net-new collateral for third-party events including shirts, medals, stickers, and more, that continue to be heavily distributed by the marketing team today.
