HOBBIES

In my spare time I enjoy outdoor recreation, tinkering with repairs, working on personal art projects, and playing active combat sports. I recently started an alternative metal band.

ABOUT ME

A broad skill set and passion for visual design allows me to send powerful messages in subtle ways.

EDUCATION

2008-2012

Munster High School

- Academic Honors Scholarship
- 3.4 GPA
- Focus on design principles & software

2013-2014

Safari Marketing & Web Design

- Paid Internship
- Focus on layout & typography, Adobe Photoshop & Dreamweaver

WORK EXPERIENCE

2019-PRESENT

KEVRON PRINTING & MAILING - Hickory Hills, Illinois

Production Artist

On-site artist utilizing the Adobe creative suite to create digital and print media for our customers. I also print in-house on our Ricoh Pro C901s. I also operate sorting and folding machinery during our busy season. We keep several color presses on-site for larger orders, or the discerning client wishing to select spot colors.

- Support artist managing all digital design and production

2017-2018

A1 AFFORDABLE SIGN CO. - Hammond, Indiana

Production Artist

On-site production artist using Adobe Illustrator and Roland XR-640 to print and cut custom signage and graphics for commercial applications. I personally oversaw conception and application from start to finish. My duties included media prep, application, machine maintenance, inventory management, and customer service.

- I assisted on major signage installations
- Worked from my own office

2015-2017

MISS PRINT USA - Munster, Indiana

Production Artist

On-site production artist using the Adobe Suite and large format printers to create print multimedia. My design projects vinyl wraps, regular logo and business card concepts, advertisements and brochures, all printed and installed in-house. We kept a few old presses requiring spot color matching and separations. I also assisted in the cutting room when necessary.

- Extensive instruction on Adobe Illustrator
- Included training on CorelDraw x8 for legacy support
